Thursday, September 11, 2025

Attendees:
- Sean Walker
- Danica Pespitro
- Thanh Nguyen
- Larry Hor
- Jason Serduke

Summary of discussion/progress:
- Further developed top 10 requirements
  - Made them more specific, concise, and grounded in specifics of library functioning
- Assigned initial roles for project SRS
  - Going to each take three subsections of table of contents, spanning across multiple sections
  - Then rotate through them later
  - Initial assignments:
    - Jason - 1 (1.1), 6 (2.2), 11 (3.2)
    - Danica - 4 (1.4), 9 (2.5), 14 (4.2)
    - Sean - 5 (2.1), 10 (3.1), 15 (4.3)
    - Larry - 2 (1.2), 7 (2.3), 12 (3.3)
    - Thanh - 3 (1.3), 8 (2.4), 13 (4.1)
- Reviewed UML diagrams, especially for use case and flow
  - More familiar class diagrams
- Started working on our sections and understanding more specific expectations for SRS

Points of follow-up:
- Marinate about our sections and possibly come up with ideas or **extremely** rough drafts
- Going to meet up next Tuesday afternoon
